Don, any objections before I hit send?

Dear Trevor,

So...what are the odds the police station would be willing to vote for and be included in the Lincoln Village area BID that we've been trying to form for many years. I think if they would be willing to vote for and participate in that, that would go a long way in leveling the scale of pros and cons.

Do you have any designs or property layouts that you will be able to bring to the meeting.

Our team is respectful of your hard work and grateful that you have so thoughtfully vetted this project in an effort to make it a true win/win. That kind of teamwork will help us all succeed and I know your sincerity and hard work is a huge part of that.

Has anyone considered, or would they – tunneling under Lincoln from the new facility. Would that not be the most amazing response route?(not my idea...but thought it was a cool one).

Have a great weekend.

m
